

My name is Mike Mittelstadt. My wife Barb and I purchased our home on Lake Redstone in 2013. We moved here full time in September 2017. We have enjoyed our time at the lake and learning about the history of the lake and the surrounding area.

I have served on the board during the last 6 years. I have been the board chairman for the last 5 ½ years. In 2019, the LRPD board successfully bid and executed the dredging project to remove 104,000 cubic yards of sediment from the lake. In 2022, the Wisconsin DNR approved the 9 Key Element Plan for the lake. This plan will provide a roadmap for managing the lake for the next 10 years. I am looking forward to continuing the implementation of this plan.

I would appreciate your vote at the annual meeting, so that I can continue to serve you as a commissioner on the LRPD board.
